

5 June 2007

To: School principals

The “Science in the Public Service” Campaign has entered its second year, and our partners have increased in number from 30 to more than 40. Based on our experience last year, we would like to organize further activities for the general public again this year. I would like to invite your school to participate in school talks and displays on loan, which are scheduled between September and end of 2007. The talks and displays present the scientific work of various Government departments and showcase the application of science to our daily life. I have the pleasure in attaching the relevant information for your reference.

If your school is interested, please fill out the application form and fax it to us on or before 31 July 2007. As quite a number of schools are expected to join the activities, we are unable to guarantee that all applications would be accepted. In case of queries, please browse through our website at <http://www.science.gov.hk> or call 2926 8259 for more details.

Yours sincerely,

Dr B Y Lee
Assistant Director, Hong Kong Observatory
Chairman of the “Science in the Public Service” Campaign
